VIDEOJET

ABOUT VIDEOJET

Videojet Technologies is a world-leader in the product identification market, providing in-line printing, coding, and marking products, application specific fluids, and product life cycle services.

Our goal is to partner with our customers to improve their productivity, to protect and grow their brands, and to stay ahead of industry trends and regulations.

With our customer application experts and technology leadership in Continuous Inkjet (CIJ), Thermal Inkjet (TIJ), Laser Marking, Thermal Transfer Overprinting (TTO), case coding and labeling, and wide array printing, Videojet has more than 345,000 printers installed worldwide.

For more information on any of our products or services please visit us on the Web at:

Is it time to Upgrade your inkjet printer?

Consider the new 1580

NEW

- Videjet **OPTIMiZE** expert diagnostics & analytics
- Videjet **SIMPLICiTY™** interface reduces operator printer interactions
- **SmartCell™** components are quick and easy-to-replace within minutes

Common signs you need to upgrade your inkjet:

- Poor coding performance
- You need to print more lines of code at faster speed
- Older systems require more maintenance and cost
- Spare parts and support for older CIJ printers are getting scarce
- Cumbersome setup procedures

Upgrade to better performance by trading in your old CIJ printers

We can help you upgrade to advanced inkjet technology to enhance your line productivity

- Speed without compromising quality
- High Uptime
- No mess, no waste fluid delivery
- Simple Usability via an advanced user interface
- Built-in Productivity tools to keep your lines operational
- On-board Code Assurance to help prevent coding mistakes

We have limited stock for immediate delivery.
